

Five Calls Script from Stand Up for Libraries

Hi my name is _____ and
(full name)

I am a constituent from _____ .
(exact full address)

I am calling to urge (Representative / Senator _____)
to support moving the H3594 Bill, An Act Regarding Free
Expression, out of committee.

Advancement of Freedom to Read legislation has become
critical as broad book ban sentiment has been increasing
nationally and here at home—as Massachusetts has had
a 40% increase of book challenges in the last few years.

Our Government must be united in supporting libraries,
librarians, and these vital centers that keep us connected.

[End with a personal anecdote of why libraries are
important to you.]

Thank you for your time and consideration.
